Medical tourism in Tenerife

The qualities of Tenerife, the mainland of the Canary Islands, as a tourist destination are known to the millions of travellers who visit each year. Its major attractions include: an average annual temperature of 22 degrees, a volcanic origin that has given rise to a diverse and stunning natural landscape, endless beaches, among the best and most modern four and five-star hotels in Europe, multiple spa and wellness centres to relax, and its unlimited leisure options.

In recent years, the island has also established itself as an ideal destination for receiving **top-tier** medical or surgical treatment with the **fullest assurances**.

A PREMIER HEALTH TOURISM DESTINATION

10 REASONS

1.

Tenerife offers the possibility of a stay that combines **tourism with medical or surgical treatment.**

2.

It has **sanitary facilities equipped with the latest technological advances**, which meet the highest medical and sanitary certifications required as a territory of the European Union.

3.

It has an extensive network of **fully-trained professionals with extensive national and international experience.**

Treatment in Tenerife facilities offer **significant economic advantages over most countries in Europe and the Americas**, while meeting the highest standards of quality.

Personalised attention in health centres, with interpretation available in up to **eight different languages**.

Specific packages that cover any requirement, including transfers, accommodation for the patient and companions, etc., before, during and after medical treatment.

Air connections with approximately 150 destinations, especially from Europe, but also from America and Africa, enabling comfortable and quick access to the Island.

A beautiful climate with an average annual temperature of **22 degrees Celsius**, an astonishing natural landscape, as well as endless leisure options, make Tenerife an ideal place to rest after treatment or operation.

In Tenerife there are **hotels with magnificent spas and treatments**, where you can take advantage of **your holidays** to invest in health under the supervision of medical professionals, while also resting and relaxing.

Tenerife has two university hospitals where students of the Faculty of Medicine of the University of La Laguna receive training, **a guarantee of academic prestige in health**.
